Volunteers Hunt For Man Lost In Woods

Claude Beraudiere, state highway worker, went up on the Washington Ridge Saturday to get a Christmas tree for a friend and spent the night there and had a large force of volunteers out hunting for him shortly after midnight Sunday morning. Beraudiere, with a young friend, friend, Jack Blewett, went up the highway rather late Saturday afternoon. Near the head of the Bear Valley grade they separated and planned to meet at that place a few hours later.

Young Blewett came back at the appointed time but his friend was not there. After waiting several hours he started and followed Beraudiere's trail in the snow into the woods for four miles until he came to a place where some logging had been done recently.

Here he lost the trail and as it was about dark, returned to the highway. Then he came in to Grass Valley and reported Beraudiere as lost to Le Roy Harris, who returned with him and took up the search again. At about midnight they returned and asked for aid. Luther Marsh, Legion Commander, immediately organized a party to make a search.

The party was composed of traffic officers, Evan Smart and George Hammill and a group of CC boys, who took their equipment for first aid. The CCC boys were: T. Kelly, J. Kelly, Bailey, Penito, Bucknel, Morrison, Wilson, T. Haskell and Captain Telfer. Legionnaires in the group were: Luther Marsh, Dud Eldridge, Buck Albert, Joe Chambliss, Mac Lotz, Henry Canu, Le Roy Harris and Earl Covey, Hunter and Miller of the J. C. Penney Company.

Mac Lotz and Luther Marsh directed the search. The group started out at five thiry Sunday morning. After they were out two hours Beraudiere came in having spent fairly comfortable night by a fire in two feet of snow. Beraudiere found himself lost at dark and after looking over the set up decided the most sensible thing to do was to build a fire and remain quiet until day light. His concern was for young Blewett as he did not know whether or not he had come in safely as he feared Blewett might not have had matches with him to light a fire in case he were lost. Beraudiere expressed his regret that he had caused so much trouble and thanked the searchers for their efforts.

The Legion is considering adopting a signal call for such emergencies so that they can get their men together in the quickest possible time.

MORE HOMES OPEN FOR OLDER BOY DELEGATES

The high school teachers and students who have charge of the arrangements for the Older Boys' Conference to be held in Nevada City next Saturday and Sunday, are feeling very happy over the generous response to their call for over night accomodations for the visiting students. The needed number of accomadations has not yet been promised but the student committee has not finished its canvassing and they expect to meet with as generous response as they did over the week end.

Nevada City is the smallest city of Northern California that has as yet attempted to entertain the conference and it is with a good deal of pride that the faculty and students realize that with the cooperation of the citizens it is "going over big."

The list to date of those who have offered Sunday night sleeping accommodations and Sunday morning breakfast follows:

Judge Raglan Tuttle, R. E. Harris, Clayton Bennett, O. E. Schiffner, H. M. Leete, Leroy Delaney, H. E. Kjorlie, O. McCraney, Jim Brown, Merle Coulter, Mrs. Katherine Celio, Mrs. Mary Warnecke, Mervin Doolittle, the New York Hotel, Dick Stevens, A. D. Hughes, Rude's Auto Camp, National Hotel, Mrs. Robert Grant, Mrs. Elizabeth Davis, C. E. Bosworth, Dr. J. R. Ivey, E. J. N. Ott, F. F. Cassidy, A. W. Hoge, Rev. H. H. Buckner, Charles Leiter, Howard Penrose, George Legg and J. F. Colley.

There are quite a number of others whom the committee has not yet contacted who will in all probability offer their hospitality. Seventy-five to a hundred boys are expected to attend the conference.

ABUNDANCE OF MUSHROOMS

In recent days Mr. Arthur Pratti, of Nevada City, has brought in two large mushrooms which weighed about five and six pounds each. Mushrooms gathered in this section for most part are in the oak, pine, and manzanita. Local people have gathered many hundreds of pounds of these edible fungi this season. The rains, which have for the most part been warm, with sunhine, have brought out the mushrooms in abundance.

Mr. and Mrs. William Roddy, of Reno, spent the week end in Nevada City, attending to bussiness matters.

LEGIONNAIRES NEED TOYS FOR SANTA CLAUS

The American Legion is busy renovating and repairing toys for somebody's Christmas. They have not enough toys to fill the orders and ernestly request that anyone having toys that can be painted and repaired donate them to make a happy Christmas for some child. Look through Junior's toy box and see if there isn't some crippled toy that he won't miss and that can be made like new by the Legionnaires. If you find such, telephone to Mrs. Luther Marsh 495W and they will be called for and taken care of. Also anyone knowing any little child who would be made happier by receiving one of these toys kindly send their name and address to Mrs. Marsh or to any Legionnaire and they will see that Santa Claus won't forget them.

GEORGE R. SCHRAEDER SUCCEEDS WM. GRACEY

George R. Schraeder, who has been in the employ of the Plumas National Forest, and stationed at Quincy, has been chosen to take the place made vacant by the resignation of Mr. William Gracey, present chief clerk, who has accepted a position in the main office in San Francisco.

Mr. Schraeder will move his family to Nevada City to reside and he will assume his duties on the 15th, after the departure of Mr. Gracey. He was in the employ of the Tahoe National Forest about a year ago and was transferred to the Plumas Forest at that time.

Royal Union Scene of Pomp

Pomp and glamour attending the wedding of Prince George of England and Princess Marina of Greece, below, in historic Westminster Abbey is suggested in this scene of the wedding of Princess Mary to Lord Lascelles some years ago. Uniformed men and ermined women representing the cream of European nobility sit in attendance, while high English clergy perform impressive ceremonies uniting the royal couple.

EPWORTH RALLY AT M. E. CHURCH HAPPY AFFAIR

The lower room, of the Methodist church was the scene of the Placer-Nevada County Epworth League Alliance Rally Friday evening. There was a banquet, songs, games, and puzzles. George Burcham, the Methodist minister at Newcastle, was the leader for the evening. There were seventy out-of-town delegates. The banquet went off in fine style. The Nevada City group provided the food, another group the table favors, and still another group furnished puzzles which were worked after the dinner.

The table was one of the prettiest ever set at the church. The pears in the salad were carved in the form of little turkeys and tiny imitation Christmas trees brightened the table as favors. Paul Campbell, of Epworth League Alliance was the Master of Ceremonies. The money gained from the banquet will be used for the 1935 institute.

Audrey Davis headed a staff of thirteen girls who prepared and served the excellent repast. The following helped serve: Margaret Tennant, Sally Robinson, Gertrude Schreiber, Claris Holland, Betsy Bennett, Ruth Curnow, Margaret Stevens, Margery Williams, Margaret Pharriss, Betty Teft, Jeanne Teft, Roxanne Boggs, and Joan Grant.

About 8:30 the lights went out amid much consternation. They went on again, however, in about ten minutes, and in the meanwhile, candles were procured to dispel the darkness.

GENERAL GRANT MINE WILL BE REOPENED

Byron L. Eastman, mining engineer, of Nevada City and L. A. Smith of San Francisco, have taken over the General Grant mine in the Forest Springs district, southwest of Grass Valley.

The hoist was hooked up in the last few days and if the property proves up to expectations work will start soon. The shaft has been stoped to the bottom or 130 foot level. It has been unwatered to the adit level and some sampling has been done. This work will continue as the shaft is ready.

SARGENT HUY, NATIVE OF N. C., PASSES ON

Dr. C. W. Chapman receievd a telegram today telling him of the death of Sargent Huy on Sunday morning in San Francisco. About two weeks ago he had an operation for the removal of his left lung. After several blood transfusions he was apparently making progress toward recovery, when he suddenly passed away.

Sargent Huy, about 25 years of age, was a native of Nevada City and lived here with his parents until they moved to the bay region. He was the son of Mrs. Florence Huy and the late Leo Huy, who passed away ten years ago. Mrs. Florence Huy is a niece of Dr. C. W. Chapman. Mr. Joe Huy, of Nevada City, is the boy's uncle.

Young Nevada County Couple Asphyxiated

Bert Moody, 31, and wife, Doris, 21, were found dead last evening in a North Sacramento auto camp by officers who were called to investigate. The young couple had visited with Mr. J. B. Smith on Del Paso Boulevard and were to return for dinner. When they did not return, Mr. Smith came to the camy to look for them. Mr. Moody had a cold and the supposition was that they turned on the gas plate to warm the room and both dozed off to sleep, dying of asphyxiation.

The young couple were the parents of two children, one a few months old and a little boy 2½ years of age, who had been left in Nevada City with friends. Other relatives of Mr. Moody are a mother, Mrs. Henry Meyers of Nevada City, two sisters and two brothers. He is also a nephew of Bert Moody of this city. Mrs. Moody was a Grass Valley girl and leaves relatives in that city.

Mr. Moody was an employee of the State Highway Commission at Nevada City. He was a member of the Red Men's lodge.

Funeral arrangements await the word of relatives. The sudden passing of the young couple who were highly esteemed, has caused grief among a wide circle of friends in Grass Valley and this city.

Coroner A. M. Holmes went to Sacramento today and will return to Nevada City with the bodies this evening. Holmes Funeral Home will have charge of the funeral arragements.

LEGION MEN AND AUXILIARY CELEBRATE XMAS

The program will be followed by the appearance of Santa Claus with fruit and candy for the children. The program consists of opening numbers by the Drum Corps, selections rendered by the Grass Valley Cornish Charol Singers, a skit by a group of children. After the program, refreshments will be enjoyed.

SCOUTS BRING IN TREES AFTER EVENTFUL TRIP

Sunday, Robert Gates, of Nevada City, with one of his big trucks, took a number of Boy Scouts, Dr. C. W. Chapman and Joe O'Neill to the Mt. Oro country where they cut 140 young trees for Christmas trees which the Scouts wil sell to the public. They will have a location in the business district of Nevada City and trees will range from table trees to about 20 feet. They have also selected a number of larger trees and will take orders and bring in another load before the next storm makes the road impassable.

After cutting the trees they went out over Mt. Oro and came down the paved highway arriving home at 6:30. The Scouts, who were sitting all over the trees, gave a yell of delight when they struck the paved road. The truck was stuck a couple of times on the dirt road and Dr. Chapman stated that if it hadn't been for many willing mules and jackass they would not have gotten by as well as they did. He also said the Scouts demonstrated their Scoutship when they assisted a touring car and two trucks that had driven off the paved highway above the Five Mile House and were unable to get back, in getting started. One of the trucks was loaded with Christmas trees. Several deer were seen on the trip.

Those in the party were: Robert Gates and son, Elton Gates, Dr. C. W. Chapman and son, Warren Chapman, Joe O'Neill, Albert Pratti, Dick Marriott, Ray Wilde, Eugene Young, Everett Brown, Jerry O'Neill, Clements Organ.

ZONING

If Nevada City continues to grow as it is now growing, the time will come when those citizens, now indifferent to the future, will wish they had planned things better away back in 1934.

At the moment a few far sighted people are discussing a zoning law, an ordinance which would prevent Mr. Smith, for instance, from putting up an oil station, a grocery, a barber shop, a laundry, or any other kind of business alongside or opposite the pleasant home of Mr. Jones.

For it always happens that in well settled neighborhoods in pleasant communities, some enterprising person conceives the plan of throwing up a shack outside the fire restrictive building zone, where lots are comparatively cheap, and taxes relatively low, and going into business. In the case of a groggery, its a night and day business, and, of course, the neighbors, for years indifferent to the future, and careless of what the city council was doing, are then in a fever and swivet, about the "outrage."

Really the establishment of any business in a residence street is more than a mere outrage. It is often a detriment to the entire peace and calm of a beautiful neighborhood. Residence property is almost immediately depreciated by the intrusion of a so-called neighborhood store or business.

The city council is now considering a zoning ordinance. Those home owners who value the quiet and charm of their neighborhood, should let the councilmen know that they are whole heartedly behind them in support of this project.

OUTDOOR XMAS TREES TO SOON BEGIN TO BLOOM

Thanksgiving is over and thoughts are turning to the happy Christmas season with all its gaieties and frivolities. Lighted Christmas trees will soon shine at night from many yards in Nevada City.

Jack Shebley, service station operator, at the corner of Main and Nevada streets, put up his illuminated tree Thursday evening and it is the first so far.

Night watchman W. P. Jones and wife of Aristocracy hill, have a most perfect white fir tree they will decorate in a few days. It was used by Mrs. Cramer for two seasons about 17 years ago as a potted Christmas tree in her apartment over a store in the "burnt district" and later given to Mrs. Jones. Manual Foster, now gardner for Merritt Rector, planted the tree where it now stands. It is about 24 feet tall.

It is understood the city of Nevada will follow a custom of other years and decorate the city with evergreen trees.

The Woman's Civic club have their Christmas tree ready to be erected in the court house yard.

The Chamber of Commerce is expected, at their meeting Tuesday night, to arrange for their illuminated tree at the entrance to the city above he high school.

Many evergreen trees have been planted in the yards of residences and this year should see more prettily illuminated trees than ever before.

The Greatest Gift

From Aunt Sarah

This is the time of year when we feel we can indulge in some of the recipes that are not especially on the 'economical' list, and when you read this over you will find that it almost comes in that class and yet is as fine and rich a fruit cake as ever made. After the Christmas dinner what is left can be wrapped in a cloth and put away for an indefinite time for an ever ready dessert. Serve it as cake or for a change warm slices in a double boiler and serve hot with a pudding sauce as a rich pudding.

Fruit Cake

1 cupful butter.
2 cupfuls brown sugar.
1 cup molasses.
1 cup strong coffee.
4½ cupfuls flour.
4 eggs.
2 teaspoons soda.
2 teaspoons cinnamon.
2 teaspoons cloves.
2 teaspoons mace.
1 teaspoon nutmeg.
2 pounds raisins.
1 pound currants.
1 pound dates (chopped).
¾ pound citron (cut fine).

Cream butter and sugar. Add beaten egg yolks. Heat the coffee and stir into the soda. As soon as the soda is dissovled turn the coffee into the molasses. Stir well and add to butter and sugar which have been creamed together. Have the fruit all previously prepared. Sift a little of the flour over the fruit, stir the rest into the mixture and when well beauten add the fruit. Lastly add the beaten whites of the eggs. Bake in pan lined with greased paper in moderate oven for about 1½ hours.

REAR ENGINES NOT YET IN NEW MOTOR CARS

DETROIT, Dec. 10.—Although rumors have been revived that a car with rear mounted engines is in the offing, it can be put down as a certainty that the cars which Mr. Motorist will buy by the tens and hundreds of thousands in 1935 are not ready for any such revolution in motor and chasis design. Motors up front still will be the vogue.

If the best authorities who keep posted on new car design in advance of their announcement, know their 1935 motor cars, there will be no mechanical changes for next year as startling as knee-action of 1934. One and probably two of the advocates of the exposed coiled spring type of independent front springing will abandon it in 1935. The reason given is the extra cost over the older type of leaf spring.

It is true that there will be marked changes in some of the popular lines. Rumor has it that another low priced line of sixes will make its appearance in the General Motors family. The company to which the new six is credited is said to have been an exclusive eight cylinder builder for the past two years.

No details are available about this new six further than that its motor will resemble closely its very satisfactory eight in design and construction.

The real changes in the motor cars for next year will be in bodies

Nothing as radical in shape, probably, as some that were introduced this year, but a complete remodeling with long sweeping lines to finish off the rear.

Solid steel tops are said to be the newest innovation from the standpoint of construction. The old padded chicken wire center with a fabric cover will be a thing of the past. Someone has borrowed a name from a Navy and called it the "Turret Toy."

One of the cars, at least, that will be seen with this new design and construction of body will be the same General Motors builder of the new line of sixes, so it is claimed.

Engine power is being stepped up again to give greater speed, and along with the power increase will come more efficient and quicker acting brakes. Engines will start easier in cold weather, and fuel economy will be still higher.

Engineers and designers of low priced cars will be seen to have outdone themselves in giving those millions of motorists who have flocked to the low price standard during the depression, more than they ever dreamed of in their higher priced cars.

In Berry Jam

Mr. and Mrs. "Gil" Berry, above, failed to preserve the domestic tranquility predicted for them when, as the "perfect couple," they wed Feb. 6, 1932. Because their marriage didn't jell, Mrs. Winifred Flint Berry, Chicago corn sirup heiress, movie actress, and beauty contest winner, has sued her hubby, ex-Illinois University football star and his school's handsomest man, for divorce.

MARY GARDEN IN RECITAL DEC. 13TH AT SACRAMENTO

The scintillating Mary Garden, world famous operatic and concert soprano, has arrived in California to begin a Pacific Coast concert tour which will bring her to Sacramento next Thursday evening, December 13, in all-Dubussy recital at the Memorial Auditorium.

Famous French pianist touring with Mary Garden is Jean Dansereau, who is also an authority on Debussy interpretation. Miss Garden, herself, was one of Debussy's oldest friends, and created the role of Melisande for him, in his opera, "Pelleas and Melisande." He wrote many songs particularly for her. This tour, devoted entirely to the music of the late great French modernist, has been planned by Miss Garden for several years.

On Miss Garden's program for Sacramento, are such Debussy songs as Air de lis, Ariette, Beau Soir, Creen, Chevelure, Mandoline, and others which she sings in an inimitable style.

The prices for this engagement are 55c, 83c, and $1.10. Students will be admitted to any part of the house for 55c. Seats are now on sale at Ye Music Shoppe.

MRS. J. E. CLARY TO SAIL TO SOUTH SEAS

Mrs. J. E. Clary, wife of J. E. Clary, and daughter of Mr. and Mrs. F. H. Partington, of Nevada City, will sail on the S. S. Mariposa, on December 18 for Samoa to join her husband who is serving an assignment of 18 months duty in Tuttuila, American Samoa in the South Seas. Mrs. Clary received a message that her husband was ill and hastens to join him. Mr. and Mrs. Clary will return to the United States in April 1935 and plan to make their home in Grass Valley.

Ed C. Jacobs, superintendent of the Empress mine in the Newtown district, returned to his home in Nevada City Thursday.

103 SERA WORKERS ON SAN JUAN PROJECT

One hundred and three persons will have work on the San Juan relief project according to Mrs. G. Esterly, SERA director for this district. Mrs. Esterly with five assistants spent Friday at the Ridge to enroll the workers and take care of other necessary data concerning the work which will consist of brushing out and building fire breaks.

NEARBY CITIES BAN HANDBILL NUISANCE

To abate the nuisance of having handbills and dodgers litter up the yards of its residents of the city of Auburn has an ordinance against the distribution of handbills without first obtaining a permit from city officials.

Grass Valley has a section of similiar requirements in the business license ordinance, now effective in that community.

FELONY WARRANT FOR HOLDUP SUSPECT

Dorell La Fortune, Marysville chief of police, in whose custody is John Henry Young, suspect in the Dew Drop Inn holdup of several weeks ago, received a telegram from C. C. Castle, Visalia constable requesting custody of Young for whom he holds a felony warrant. John Henry Young is said by police to have served a term in San Quentin under the alias of Bob Younger.

Electric Appliance as Gift May Solve Problem

Electrical Appliances Are Welcome Gifts

With the stir and bustle of Christmas in the air again, and with shops presenting their most alluring displays, Christmas lists, with their attendant worries and puzzles, again assume national prominence. Although shops and budgets may seem to conspire to befuddle and confuse the shopper, there is one very easy solution to the Christmas gift problem.

This year, more than ever, shops are showing new and practical electric appliances in an array of stunning new designs, that will solve every gfit problem. There are electrical gifts to suit every purse and every person. Practical and serviceable long after Christmas is past. electric appliances will be appreciated as especailly thoughtful gifts.

The wide choice and variety of tasks that electric appliances perform and the many types and styles of each appliance makes it easy for the person armed with a shopping list to suit the needs and tastes of the individual. Appliances that are a necessity in the home, and appliances that may be classed as a luxury, and add the gracious little touches to life, are both to be found in endless numbers.

For instance, has Mother a washing machine, ironer, vacuum cleaner, mixer, electric floor polisher, sewing machine, dishwasher, percolator set and waffle iron? Then she would probably thrill to one of the beautiful new electric buffet servers, that keep a number of foods warm, and that are one of the most gracious of gifts for the woman who likes to entertain.

Electrical gifts will please Father and Brother as well. A clock, lamp, a radio or portable heater for his room or den—or perhaps the sort of thing that will tickle him most will be an electric cigarette lighter, a humidifier, a razor, a drink mixer, or a fruit juice extractor. If Brother is younger, there are many entertaining electrical toys that are constructively educational a swell.

For Sister there are numbers of gifts that would be welcome surprises. An electric boudoir clock, a hair drier, a glove drier, a miniature washing machine for dainy underthings, a waffle iron, grill or percolator, if she is away at school, are sure to be welcomed.

Electrical gifts will contribute greatly to the comfort of older people. Radios, lamps that give adequate light to make reading easy, heating pads for cold weather and sun lamps are suggestions for gifts that will be enjoyed.

There are numbers of small gadgets which are almost amusing, so unusual are the tasks that they perform, but which for this very reason will please those who do not like to give gifts only for their practicality.

A little electric heater resembling a footstool to keep the feet warm, electric scissors that cut anything from cardboard to cheesecloth, electric sharpeners that will sharpen old razor blades, a little electric presser that somewhat resembles a meat cleaver, which presses the crease in men's trousers, a light electric broom that sweeps, dusts, mops and vacuums, electric clocks that defrost refrigerators while keeping time, electric grills that cook and bake everything from stews to biscuits, electric casseroles and bean pots that bake foods, and electric egg cookers that take all the guess out of cooking eggs—these are some unusual gifts that are sure to delight the recipient by their originality as well as their practicality.

No matter what the appliance, be it a radio or a food mixer, it will prove its usefulness over a period of many years. New standards of effiency and reliability guarantee satisfaction; new standards of beauty in design and construction of appliances make them welcome gifts that add distinction as well as modernity to the home.

ELECTRIÇAL GIFTS MAKE LIVING BETTER

CAMPTONVILLE PIONEER PASSES AWAY IN OAKLAND

CAMPTONVILLE, Dec. 8,—Word was received here a few days ago of the death of a member of one of the old time pioneer families of this section, William H. Calvin, whose demise took place on November 30th at Oakland where he has resided for many years.

The deceased was a native of this place, and spent the younger years of his life here, attending the local school. He was married while residing here to Minnie Goldthwait, and to the union was born one son, Clyde Calvin.

Bill Calvin was a man of high ideals, good nature, and a genuine friend of all who knew him. While living here he took a prominent part in the affairs of the community, and was looked upon with much respect. Leaving here early in his life, he took up his residence in the bay region where he held a responsible position with street car systems of San Francisco, which position he held until his retirement a few years ago.

He was a member of Gravel Range Lodge No. 59 F. & A. M., of this place, from which lodge he demitted in 1892 to affiliate with a lodge at the bay. He is survived by a son Clyde Calvin, of Alameda, a sister, Miss Anna M. Calvin, of Oakland, and M. G. Calvin, a brother, of this place. Interment was made in the bay district.

"MRS. WIGGS OF THE CABBAGE PATCH" COME STO NEVADA

Tonight and Tuesday the rib-tickling comedy, "Lady by Choice," will be shown at the Nevada Theater. May Robson will be remembered for her fine performance as Apple Annie in "Lady for a Day." The lovable and human drama in "Lady by Choice," will win the hearts of everyone who sees this fine picture. Carole Lombard and Roger Pryor are in the supporting cast.

Wednesday and Thursday that sterling classic of stage and literature, "Mrs. Wiggs of the Cabbage Patch," will play at the Nevada Theater with a matinee on Thursday at 2:15. This play has been made into a charming, absorbing, delightful photoplay, starring Zazu Pitts, W. C. Fields, and Pauline Lord in the feautred roles.

All of the unforgettable episodes from the story are here; the annexation of "Cuby," the curious Thanksgiving dinner, the hilarious theater party, and the tragic death of little Jimmy.

Acting the title role of Mrs. Wiggs Pauline Lord justifies her stage reputation. W. C. Fields is excellent in a featured role, with his usual uproarious comedy, while Miss Pitts, as "Miss Hazy," is extremely funny in her scenes with Fields.

ELECTRIC APPLIANCES

Electrical Gifts are invariably welcome. They replace labor with convenience and comfort. They are time and money savers. They are attractive and smart, and give lasting usefulness. They cost little to buy and only a few pennies to operate—and now fewer pennies than ever.

This year electric appliance gifts will be doubly acceptable. You not only give the appliance but, in many cases, one-half the electricity to operate it for an entire year! This is made possible by the exceptional promotional rate recently announced by the Pacific Gas and Electric Company.

Make your Christmas Dollar do extra duty by giving electric appliance gifts. See your dealer. There is an appliance for every purpose, a style for every taste and a price for every purse.

WIDE VARIETY APPEALS TO SHOPPERS

The beauty of design which has been developed in new electric appliances makes possible the selection of equipment which will blend with the furnishing scheme of each particular room. Ease in making this choice has been furthered by having a wide variety of types and makes of each of the many forms of equipment.

Whether it is a washing machine, a percolator set, a clever mixing machine, a floor polisher or any of the many types of electric household devices it is possible to choose from several of each type and thus get the particular device that is best suited for the individual need.

Another important factor in the purchase of electric appliances is the tremendous improvements that have been made by the manufacturers. Today the equipment is infinitely better than in the past. It is better designed, better made, is practically trouble-free and permits a new note of home beauty.

Small appliances are winning great popularity as tasteful gifts to fit any pocketbook. Some of the inexpensive varieties which would please mother, sister or sweetheart are electric percolators, toasters, irons, lamps, hair or glove dryers, clocks, table grills, and sandwich toasters.

Among the new devices which greatly adds to the enjoyment of breakfast is the electric egg cooker. Whether you want eggs coddled or hard boiled, this new device will cook them just right every minute, thus completely eliminating one of the causes of "starting the day wrong."

MAKE IT EASY FOR SANTA TO DELIVER MAIL

Mrs. Betty Martin West, postmaster, has issued the following directions which should be followed in mailing Christmas gifts and cards:

EARLY MAILING

During the holiday time the volume of mail increases approximately 200 percent. It is a physical impossibility to handle this great mass of mail matter efficiently and promptly within a few days. Therefore to assure delivery of their Christmas presents, cards, and letters by Christmas Day the public should SHOP AND MAIL EARLY. Do your Christmas shopping so that you can mail your gifts, greetings, and letters to relatives, friends, and loved ones at least a week or 10 days before Christmas, according to the distance. This will not only make it certain that they are received before Christmas Day, but will be a great aid to your postal service and to postal employees and enable them to spend the Christmas holiday with their families.

ADDRESSES

Addresses should be complete, with house number and name of st., post office box, or rural route number, and typed or plainly written in ink. Mail of visititors should be addressed care of family visited. A return card should be placed in the upper left corner of every piece of mail. If a tag is used, the address and return card should also be written on the wrapper for use if tag is lost, and a copy of the address should be enclosed inside the parcel. Teachers sending gifts to pupils should send them, care of parents' name. DO NOT MAIL CHRISTMAS GREETING CARDS IN RED, GREEN, OR OTHER DARK COLORED ENVELOPES, OR IN VERY SMALL ENVELOPES.

AIR MAIL SERVICE

USE AIR MAIL FOR SPEED. FIRST IN ARRIVAL—FIRST DELIVERED—FIRST OPENED—AND FIRST ANSWERED.

The domestic air mail rate of postage is 6 cents for each ounce or fraction thereof. The pound rate is 96 cents a pound. Rates to foreign countries are equally attractive, 8 cents per ounce of fraction thereof. The new combined air mail and special delivery stamp provides immediate delivery at destination at all times and is particularly desirable for use on mail which will arrive at destination on Saturdays, Sundays, and holidays. Regular air mail envelopes are preferred; plan envelopes with the proper amount of postage may be used but must be conspiciuosly endorsed near the address "VIA AIR MAIL."

USE AIR MAIL AND GET TOMORROW'S MAIL TODAY. SAVES TIME. COMMANDS ATTENTION AND RECEIVES PREFERENTIAL HANDLING AND TREATMENT.

SPECIAL DELIVERY SERVICE

The use of a SPECIAL DELIVERY stamp will assure delivery on Christmas Day, if mailed at the proper time. SPECIAL DELIVERY SERVICE means immediate delivery at office of address. It is obtained by affixing a SPECIAL DELIVERY stamp of the proper denomination, or its equivalent in ordinary stamps, in addition to the regular postage. When ordinary stamps are used, the words "SPECIAL DELIVERY" must be written or printed on the envelope or wrapper immediately below but never on the stamps. It is urged that all mailers desiring immediate delivery of any matter mailed by them affix SPECIAL DELIVERY stamps thereto. SPECIAL DELIVERY is for speed and not for safety.

View Slain 'Woods Babes'

Discovery of the bodies of three little girls, blanket-covered, on a wooded mountainside near Carlisle, Pa., gave rise to Pennsylvania's strangest mystery in years. Bearing no marks of violence, the children are pictured lying in a Carlisle undertaking parlor, while people file past their slabs, trying to identify them.

WILD PIGEONS ARE PLENTIFUL

SAN FRANCISCO, Dec. 10.—The opening of the wild pigeon season December 1 for a 15 day period found many hunters out after these desirable game birds. Field men for the State Fish and Game Commission report that the supply of band-tailed pigeons this year is far more greater than last season, and prospects seem excellent for many of these birds being brought down by December 15, when the season will close.

Along the coast from Monterey to Ventura, pigeons have appeared in large flocks, and interior points where in past years there were but few birds seen prior to the opening of the season, game wardens report large flocks.

The bag and possession limit on pigeons is ten birds, and it is not legal to kill more than 20 a week.

Africa Croons

"Meshie," 6-year-old chimpanzee, is usually in some form of mischief, but now and then he has his weak moments. He seems to be whispering, "Whose iddie baby is oo?" in the ear of 2½-months-old Mary Cravin, daughter of the New York explorer who brought Meshie over from an African jungle. Or perhaps he's singing a lullaby.

MARKET HUNTERS SEEK TEAR GAS TO BAG DUCKS

SAN FRANCISCO, Dec. 10.—Market hunters have used many means to supply contraband fish and game, but it remained for a couple of men, evidently duck market hunters, to produce something—or rather try to produce something—in the way of killing waterfowl to sell.

Two men came into the office of Ignatius McCarthy, coast representative of an eastern chemical company, makers of various gases used by the army and police. They desired McCarthy to provide them with specially made cartridges filled with a tear gas that could be fired from a long range gun. They explained they wanted this kind of cartrigde for shooting ducks, that they could stand off a long distance and fire a few cartridges into a flick of ducks or geese and then before they could recover from the effects of the gas, pick up an automobile load and beat it.

With maxim silencers and such a cartridge they represented they could make some good hauls in night shooting, if the gas would do what they expected it to do.

McCarthy asked them to return at a later dae and he woud see what he could do to furnish them with the gas cartridges.

Evidently becoming suspicious, the men failed to return.

It is unlawful to hunt any game in California with chemicals, and night shooting by any means is illegal. For waterfowl nothing larger than a 10 gauge shot gun may be used, and the Federal regulations place the legal time for hunting these birds at from sun up to sun down. So if the parties who desired gas cartridges for their guns had been successful they would have found plenty of game laws to make their experiment expensive.

SCHOOL STAGE WILL HAVE NEW CURTAINS

On Friday afternoon Principal Walter Carlson ,of the Washington grammar school, gave a most interesting and instructive talk on his summer's trip to Mt. Lassen, and his trip to the top of the famous mountain, before the local P. T. A. He displayed a number of beautiful pictures he had taken on his trip. The P. T. A. is purchasing new curtains for the stage at the Washington grammar school. The members also decided to assist the Native Daughters by donating to their Christmas fund. At the P. T. A. meeting of December 14, Miss Gertrude Goyne and Miss Shaw, first and second grade teachers, and pupils, with their class leaders, Mrs. W. P. Lee and Mrs. Al Williams, will give the program.

Miss Violette King Weds William Burns

CAMPTONVILLE, Dec. 10.—The spell of one wedding in twenty years for Camptonville, was broken Saturday evening, when in a very pretty setting, in a newly constructed log cottage, among the pines on Campbell's Gulch, on the edge of town, William Burns and Violette King were united in marriage, Judge Acton M. Cleveland performing the ceremony.

The bride, attired in a very becoming dark blue velvet, wearing a gardenia corsage, was given by her father, J. W. Morehead. Mrs. Rosetta Doyle, sister of the bride, and F. R. Fowler, brother in law of the groom, attended the young couple. The ceremony was performed in the living room of the log cottage, recently constructed by the bride, and was witnessed by a number of relatives, friends, and neighbors.

Mrs. Burns, daughter of Mr. and Mrs. J. W. Morehead, formerly of Oakland, has resided here for the past two years, making a large number of friends and acquaintances in that time.

The groom has resided here for the past ten years, part of which time he has acted as mechanic for the Lang Garage, and the rest of the time spent in the mining industry. He recently constructed a small dredger which he now has in operation in the Oak Valley section. He has become well known and very well liked throughout the community.

Following the ceremony, hearty congratulations took place, followed by dancing, an appropriate and delicious buffet supper was served at a late hour.

The young couple will make their home here, and they have the congratulations and best best wishes of the communtiy for a happy and prosperous married life.

Cronin's Sale a Sensation . . . Davis Cup to Get Some Young Blood . . . Speed Age Has Hit the Gridiron

BY PHILIP MARTIN

JOE CRONIN'S sale to the Boston Red Sox, despite Washingington's jinx-ridden season that brought the club to seventh place in the year's wind-up, came as a sensation to players, fans and sports writers everywhere.

Joe was believed to have a lifetime job at Washington. His marriage to the adopted daughter of his boss, Clark Griffith, strengthened this belief.

It was known for some time, though, that Joe was far from satisfied with his job at the capital, it being his theory that managerial cares hurt his playing and hitting.

But that makes the transaction all the more puzzling, since the contract which sent Joe to Boston in exchange for a fantastic amount of dough and the Red Sox infielder, Lyn Lary, specifies that Cronin's new chore involves managing the Hub team for the next five years.

But maybe the fact that Cronin is getting a "tremendous increase" in salary tells the whole story.

* * *

THE American Lawn Tennis Association's announcement that three youngsters would get tryouts for the Davis Cup squad this year indicates that the august tenis fathers believe that, after all, maybe Bill Tilden does know his tennis.

Bill, always somewhat of a stormy petrel in the realm of amateur tennis, has been pointing out that what U. S. Davis Cup squads need is new blood to combat the strength of foreign players.

Accordingly, it has been announced that Don Budge and Gene Mako, Californians, and Frankie Parker, the Milwaukee Polish boy, are to get chances.

It's our belief that one, and possibly two, of these kids will be on the team with Sidney Wood, Wilmer Allison and George Lott next year. Mako will have first choice; Parker will get second call; and maybe Budge will come through to give the American team three youngsters and the veteran, Wood.

* * *

THE day of the mastodon in football has passed, and that of the gazelle has dawned. For lo, these many years, a grid coach considered himself lucky if he had a forward wall made up of hard-blocking, brawny fellows. Nowadays, what with laterals, long forward passes, and fake spinners in profusion, a great burden has been placed on the secondary defense.

The player who is prized nowadays is the fleet little guy who can bring down eely-hipped, agile pass-catchers. Offensive ability counts a lot, but not nearly what it used to.

Some of these diminutive but speedy backs who are making names for themselves in the new grid era are: Tommy Neal of Iowa State, weight 160 pounds; Ferris Jennings of Michigan, 140-pounder; and 134-pound Bill Dye of Ohio State.

They are just a few of the half-pints who have forged to the front this year, but they indicate fairly well that the beef-trust theory will soon take its place with the dadoo.

Here are the three youngsters who are prospective candidates for next year's Davis Cup squad. At left is Frank Parker, Milwaukee tennis star; below, left and right, are Gene Mako and Donald Budge of California.

TAX STAMP NEEDED TO GET NEW PLATES

With the time close at hand when California motorists must renew car registration and secure license plates for 1935, attention is being directed to the need for complying with a new and important requirement of law in connection with the renewal procedure. This requirement is summed up by the phrase, "No tax clearance—no license plates," in a statement by the California State Automobile Association.

Advising motorists of the steps required by law before plates for the new year can be issued, the Automobile Association emphasizes the need for having the certificate of registration stamped by the assessor to show clearance of personal property tax payment. The law requiring this to be done was not in effect at the last renewal period. Consequently, it is believed many motorists unfamiliar with the law do not realize the necessity for securing a tax clearance before they apply for renewal of registration.
